COURSE OVERVIEW

The Level 2 Incident Management course comprises four nationally recognised units of competency designed to provide the knowledge and skills applicable to Incident Management in an operational context.

This course encompasses four units within the Public Safety Training Package. It consists of the competencies required to control a multi-team response to an incident and perform the roles of an Incident Controller, Planning Officer, Logistics Officers and Operations Officer at a Level 2 Incident. This course is not fire-specific.

The course has been developed for personnel required to:

- perform a role within an Incident Management Team or assist in a support capacity; or
- be informed of the Incident Management Team's underpinning principles and processes.
