

PUA60112 ADVANCED DIPLOMA OF PUBLIC SAFETY (EMERGENCY MANAGEMENT)

COURSE OVERVIEW

The PUA60112 Advanced Diploma of Public Safety (Emergency Management) is a nationally recognised qualification which addresses both the planning for, and the management of major risks. Major risks may arise from the interaction of hazards (such as fire, flood, severe storm, oil spills) with communities and organisations. The planning and management of such risks in a multi-organisational activity is a focus throughout the course. The designing and management of exercises to prepare communities/organisations for hazards is addressed. This course will focus on the core aspects of:

- facilitating an emergency risk assessment
- facilitating emergency planning processes
- determining treatment options
- managing and delivering recovery functions and services
- designing, managing and evaluating emergency management exercises
- managing and evaluating emergency management exercises
- coordinating resources for a multi-agency incident
- developing and maintaining business continuity plans
- managing media requirements at major incident, and
- liaising with organisations and working in an emergency management context.

UNITS OF STUDY

The PUA60112 Advanced Diploma of Public Safety (Emergency Management) qualification comprises of the following 8 core and 4 elective units:

Core Units

PUAEMR009B	Facilitate emergency risk assessment
PUAEMR012B	Determine treatment options
