

PUAOPE018 CONTROL A LEVEL 2 INCIDENT RPL ONLY

UNIT OVERVIEW

This unit comprises one nationally recognised unit of competency PUAOPE018 Control a Level 2 Incident designed to provide the knowledge and skills to manage all activities and personnel deployed to resolve Level 2 incidents through use of internal and external resources.

It includes establishing a control facility, developing and maintaining control structures, developing and maintaining coordination arrangements, assessing situation and determining priorities, providing public information, developing an incident action plan and complementary plans, maintaining control of incident, managing implementation of incident plans, concluding incident activities and reviewing incident activities.

Level 2 incidents are characterised by the need for deployment of resources beyond the initial response or sectorisation of the incident or the establishment of functional sections due to the levels of complexity or a combination of the above. The course has been developed for personnel required to:

- perform the role of an Incident Controller within an Incident Management Team or assist in a support capacity; and/or
- be informed of the Incident Management Team's underpinning principles and processes.

This is a nationally recognised unit and is not fire-specific.

UNIT FOR RPL

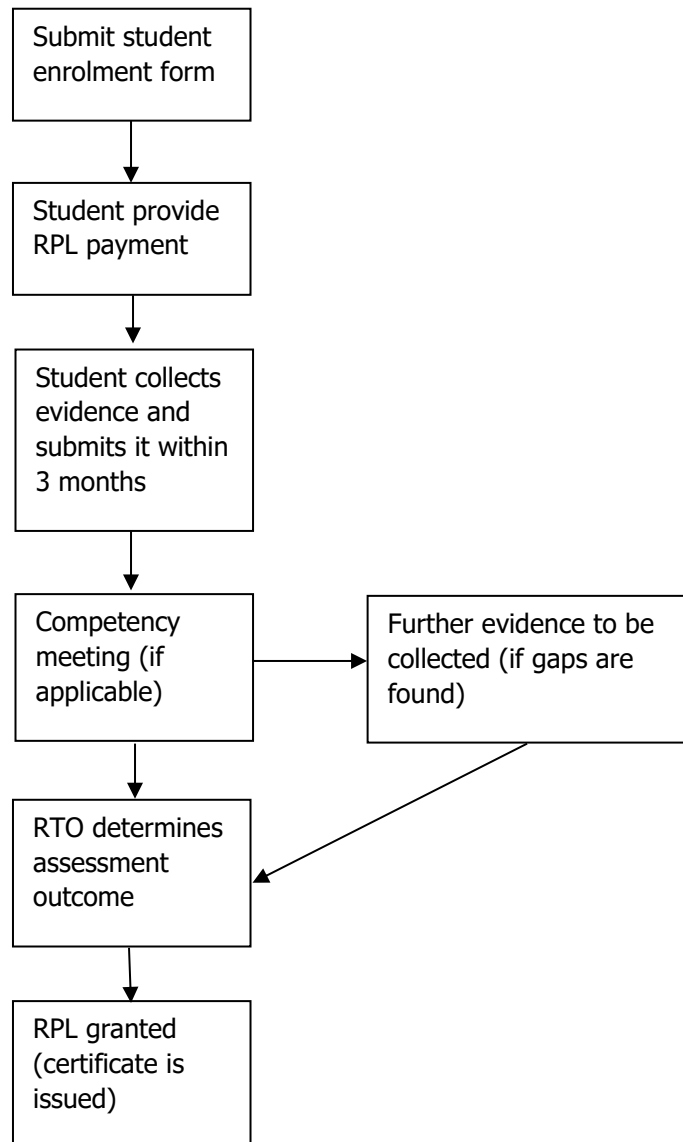

This course comprises one unit of competency: PUAOPE018 Control a level 2 incident.

WHAT IS RPL?

Recognition of Prior Learning (RPL) is the formal acknowledgment of competencies that may be held as a result of formal or informal training, work experience, previous study and/or life skills. The previous unit PUAOPE018A Control a Level 2 Incident has been superseded by PUAOPE018 Control a Level 2 Incident. In order to demonstrate the competence held for the new unit, FutureWest Institute will need to collect forms of evidence from the learner in

the application for RPL. Once you have submitted your evidence, the assessor will review all your submitted work and make a determination of whether RPL can be granted to you. It is important that your portfolio contains relevant pieces of evidence. Please refer to the RPL Instructions Kit for more information.

ENTRY REQUIREMENTS

It is important that learners wishing to complete this unit through RPL are mature aged students who have emergency management responsibilities within their workplace or volunteer role. Additionally, learners also need to be mature aged students who have completed secondary schooling and/or completed other qualifications. It is important that learners already hold the superseded unit PUAOPE018A Control a Level 2 Incident. Participants who have successfully completed this course will receive a Statement of Attainment listing the successful completion of the new unit within the Public Safety Training Package.
